## Carmi Thompson For Governor

Carmi A. Thompson

Son of a coal miner, Carmi A. Thompson, now fifty-two years of age began life in the mines of southern Ohio working as his father's helper after school and during vacations.

Working his way through Ohio State University by doing odd jobs he graduated in 1892, in the Arts course, and after teaching for two years in a high school resumed his studies and graduated in law.

He enlisted in the Spanish-American War and returned home a Major. A soldier himself, he knows the needs of the soldier.

His public career may be briefly stated, as follows:

Three terms city solicitor of Ironton, Ohio; two terms member of the House of Representatives, serving as Speaker of the House in his second term; twice elected Secretary of State by splendid majorities; named by President Taft as assistant Secretary of the Interior at Washington; appointed Executive Secretary to President Taft, and as Treasurer of the United States. He was a member of the advisory committee of the World Conference on the Limitation of Armaments and Chairman of the sub-committee which drafted the resolution prohibiting the use of poisonous gas in warfare.

Carmi Thompson is a successful business man, being connected with constructive business enterprises at Cleveland and Ironton, his old home. We invite the men and women of Ohio to go to the polls next Tuesday and register their support of Mr. Thompson's candidacy.

### GREENE COUNTY FAIR MUCH LARGER THAN USUAL

Never before has there been as much live stock at a Greene County Fair as this year according to those who attended Wednesday. Every barn and shed is full and tents are used to house much of it. The race stables are crowded, over 100 head on hands for the races.

There is all the latest in machinery and automobiles and in the halls the exhibits are without number.

Rain Wednesday afternoon put a stop to the racing but everything is favorable for the rest of the week.

The boys and girls calf club and the pig clubs are very interesting, showing the interest that is being displayed by the young folks. The calf club is under the direction of F. B. Turnbull.

### REV. ANDERSON COMING.

After closing for two weeks during the pastor's vacation, the Methodist Episcopal Church will reopen Sunday, August 6th with Rev. George Wood Anderson a well known evangelist as the preacher. The local church feels quite honored in having such a remarkable man come to its pulpit. Dr. Anderson was formerly a very successful pastor in the Methodist Church in Troy, N. Y., until he began his evangelistic career. He is very sane in his methods, a fine scholar and a great orator. Cedarville should give him the welcome accorded such men as he.

### TRUCK UPSET MONDAY

One of the Putman stone trucks upset Monday evening on the Jamestown Pike along the R. C. Watt farm. The driver was lighting his pipe when the truck veered to the side of the road in the soft dirt and went down into the ditch. It was loaded with five tons of crushed stone and turned over. The driver and a companion were thrown out but not injured.

### HOW ABOUT POSTERS?

Most every telephone and telegraph pole in the central part of town is covered with posters of various sorts. If our memory serves us right there is an ordinance against such a practice. The posters when new are not so bad but there is no one to take them down when they get old, faded and torn.

## DESERTED

### ABOUT REV. ELLWOOD

The following paragraph is from the CHRISTIAN HERALD of July 15, 1922. Mr. Ellwood was a student in Cedarville College in 1894-5:

"The Boardwalk Church at Atlantic City, which has just begun its fourteenth season under the spiritual direction of Rev. Robert Arthur Ellwood, its founder and pastor, is a unique institution. It has no officers and no choir, but there is a good organist and one soloist—the pastor's wife—and all the people sing. It has no membership roll, and its audience are thoroughly cosmopolitan, representing almost every part of the civilized world, seventy-five per cent, being new every Sunday. It has no collection plate, but all expenses are fully met by voluntary contributions. Further, the people are invited to speak, and their testimonies and general remarks are in the right spirit and always helpful. Pastor Ellwood is a staunch upholder of the Gospel and never fails to lift up Christ to these ever-changing audiences, who represent many nationalities and religious beliefs."

### GETS INJUNCTION AGAINST SCHOOL HOUSE BOND ISSUE

C. M. Austin of Sugarcreek township, former county commissioner, has been granted a temporary injunction in Probate Court against the Sugarcreek Township Board of Education and other officials to stop the sale of bonds amounting to \$125,000 for a site new building and equipment of a centralized school building at Bellbrook. Mr. Austin claims the proceedings are irregular.

### J. W. JOHNSON SUFFERS LIGHT PARALYTIC STROKE

J. W. Johnson suffered a light paralytic stroke last Saturday night affecting his left arm and limb. He was at his place of business after supper when he felt sickness coming on and he went home, the stroke coming after he reached home. He has improved somewhat since but it will probably be several days before he is able to be about.

### MONTGOMERY COUNTY FAIR

The Great Montgomery County fair will open Monday, Labor Day, Sept. 4th and continue until the 8th inclusive. A record breaking exhibit of draft horses is predicted by the board officials. At least 300 animals will be exhibited in the dairy department. Premiums offered total \$1775.00. In the swine department the premiums amount to \$2000.00 and all indications point to the fact that 400 head of hogs will be entered.

### IMPROVING PIKE

The Clifton pike in Miami township is being improved, regraded and a covering of gravel placed on it. It is to be regretted that public funds are almost wasted in that way. The Clifton pike has heavy traffic and nothing less than stone will hold up and it is the cheapest in the end. The road was stoned several years ago and of course has worn out but it has lasted longer than gravel at any price.

### PICNIC NEXT WEDNESDAY.

The annual picnic for the Greene County Fish & Game Commission will be held next Wednesday on the D. H. Ketter farm south of Xenia, near the White Lilly church. More than 1000 people are expected to attend this event. Prizes amounting to \$250 will be given winners of the various stunts. The day will be one of the greatest in the history of the sportsmen of the county.

### MANY MORE TYPHOID CASES THAN REPORTED

The authorities in Xenia state that no new cases of typhoid fever have been reported for about a week. Official reports were that the city had forty cases but citizens say the number was more than 150.

Xenians were much concerned for a time over the epidemic and the state authorities were asked to lend aid in solving the trouble. When a state health man was asked why they were so long making a report follow: the inspection Xenians received a hot reply. The official stated that he did not think time was an object for the reason that orders left a year ago and those of last May had not yet been complied with by the health officer, Dr. Grube. It is reported that there were three more deaths, Wednesday.

### HAMPSHIRE AVERAGED ABOUT \$45 A HEAD

The Ferndale Stock Farm Hampshire sale Tuesday resulted in the heaviest hog bringing about \$45 each on an average. Seventy head were sold beside 110 head of feeders. The prices of the feeders ran from \$10 to \$17 a head. More than half of the sales went to distant points in Indiana and Ohio. The average is about \$10 lower than last August but more stock was sold this year. A very representative crowd attended.

### REPORTS FINE CROPS.

James A. McMillan returned last Friday evening from Minneapolis, Kansas, where he was looking after his farm crops and the threshing of his wheat. He reports that the wheat averaged about 17 bushel but that part of the crop turned out as high as 25 bushel to the acre. As for corn he reports that Kansas has the best prospects in the past ten years. He has about 125 acres of corn out. The corn crop through the west is said to be good due to plenty of rain this season.

### FIRST HORNLESS A. J. C.

Greene county as a stock producing section now has the honor of being the first in this country to produce a hornless A. J. C. Jersey calf. Mr. J. R. Orr one of the pioneer breeders of Jerseys in this country has on exhibit at the Greene county fair a five months old calf of this breed that is hornless.

### OHIO STATE CAMP MEETING

The Ohio State Camp Meeting of the Church of God opens today one and one-half miles west of Springfield on the National Pike and will continue for ten days. There will be services daily at 10 A. M., 2:30 P. M., and 7:30 P. M. Many able speakers from over the state will be present.

### 37th DIVISION REUNION

The 37th Division Reunion of the World War Veterans will be held in Dayton, September 10th, the day preceding the state convention of the American Legion. Great preparation is being made for the reunion and also for the Legion gathering.

### NEW STORE OPENS SATURDAY

The new Kroger Grocery will open for business Saturday, W. A. McGill of Springfield, formerly a manager of a Kroger store in Xenia has been transferred here. We understand that J. G. McCormick will have a position as clerk with the store.

## Abel Magnesia Co. Gets Big Contract

The Abel Magnesia Company has secured two big contracts that will furnish business for some time. The first is stone for a mile road to be improved out of the Charleston amounting to \$4000. The second is stone for a mile road to be improved out of the Charleston amounting to \$4000. The company will be paid for the stone by the contractor furnishing it at six cents a yard.

The most important contract for crushed stone of a suitable nature and which Cedarville has the proper qualities to furnish as dolomite to foundries and for mill use, was secured Tuesday from the American Rolling Mill Co., of Middletown, the largest steel plant in Ohio. Mr. Carter N. Abel informs us that this contract will mean about six cars a day until next spring when it will be increased to twelve a day. The company now has several thousand tons of this stone on hand and shipments will start as soon as the sidetrack is lengthened so that more cars can be placed at the plant.

This means that the Magnesia Company will have business year into the winter and assures them of a year's business. The Wheeling road will be rebuilt shortly and the company will furnish this stone. The work is to be done jointly by the trustees and the county commissioners.

### REFORM POLITICAL BOSS FAILS TO MAKE REPLY

Last week we challenged L. T. Marshall to make public denial that he had or was not seeking aid of the Schmidt-Shoup leaders to organize the newly elected central committee. He knows that such is the case and dares to deny it which is only proof of a statement credited to him that he would rather see H. E. Schmidt organize the next committee than George Little. The public can judge for itself the kind of "reform" politics the county has been getting. It is a pure case of "Birds of a Feather."

### CIRCUS HITS XENIA ON A VERY SHORT NOTICE

The Wallace-Hagenbach circus was forced to change its route owing to the railroad strike and it has been striking towns just wherever the railroads can take it. We understand it was in Lancaster for several days before being able to get motive power to the next town. Xenia in this way had the show Tuesday.

### BUSS LINE STARTED

Blane Leighly, who has operated a buss line between Xenia and Cedarville has started a line to Springfield. The line stops at the Xenia and Springfield traction office in that city.

Mrs. Mary J. Campbell of India, secretary of temperance work in that country will speak at the U. P. church Sabbath, either morning or evening services and probably in the R. P. church. Arrangements have not been completed at this time. Mrs. Campbell has been given a medal by the King of England known as the "Kaiser-Hind" medal for distinguished services as a missionary. She will have a very important message and the public is urged to hear her.

## CONDENSED OHIO NEWS

News Items Picked at Random and Balled Down for the Busy Reader

Fire at Sandusky destroyed the Baltimore and Ohio motor freight house and a string of 15 freight cars on a siding near the building. A team of horses hitched to a heavy springing wagon at Millersburg ran over the driver, J. C. Fox, killing him instantly.

Near Fairsville, John Hamilton, his daughter Helen and Miss Sarah Blackford were killed when a train struck their automobile. Victims resided at Chagrin Falls. Troop B, 107th cavalry, Ohio national guard, under command of Captain W. W. Cause, was ordered into the field by Governor Davis, and en route at Columbus for New Lexington, Perry county.

Rose week will be observed at Springfield, Sept. 25-30. Dr. Edwin O. Buxton, 72, former president of Baldwin Wallace college, Berea, died at his home in Millersburg.

Pupils of school age in Union county number 4756 this year, a decrease of 163 over last year. Joseph Ryder, farmer, lost his life near Toledo when a train struck his automobile. Paul Munnigh, 11, Dover, claims to be Ohio's youngest trombone player.

Pomeroy postoffice is seeking new and larger quarters. Athens county's rural school program this summer is the heaviest in years, amounting to more than \$100,000 in new structures and repair work. Most of the new buildings will be ready for use by early fall.

Police have been unable to learn the identity of "F. Wand, Cincinnati," who ended his life at a Hamilton hotel, July 3, with poison. Oliver S. Monahan, 17, son of A. Monahan, wealthy retired mine operator of Adena, near Cadiz, is missing. Trying to avoid a torn up road bed marked by red lights near Cincinnati, Oscar Schare, 20, threw his car into a ditch at the other side of the road and was killed when it overturned.

State-federal crop reporter, announced that the commercial crop of cabbage in Ohio this year shows a 15 per cent increase over last year. Acreage of commercial cabbage in Ohio is 2,500 acres as compared with 2168 acres in 1921.

Thirty persons were made ill with plomine poisoning, said to be the result of eating tainted pressed chicken, at a birthday celebration in Ketter's grove, in Crawford county. Cleveland members of the seamen's union voted to strike against a reduction of wages.

Charles A. Thomas, 41, and his sister-in-law, were killed when the auto in which they were riding turned over on an embankment.

Razel Hoffman, 18, was killed at Salem in an automobile accident. At Cleveland, C. J. Hober, collector for the Brooks Oil company, and Rudy Charek, clerk, were trussed up and imprisoned in a rear room by bandits and robbed of \$1400.

C. Malcolm Kinnaird, 55, general manager of the Crystal Ice and Fuel company, Columbus, killed himself by firing a bullet into his head. He had been in ill health.

Slot machines were turned to the wall at Lorain following orders from police. Orders to enforce the Youngstown curfew ordinance were issued by Mayor W. G. Rees.

Several iron and steel mills in the Youngstown district have been compelled to cease production on account of the railroad and coal strike.

Governor Davis ordered the mobilization of four troops of state cavalry, two units of which were assigned for immediate duty at Pomeroy, the others, with headquarters in Columbus and Cleveland, to be held under arms at their respective camps. The order was explained to be in conformance with the governor's determination to furnish adequate protection in every coal mining district. Later the Cleveland troops were assigned to duty in Belmont county.

Charles J. Howard, Barnesville lawyer is to be named head of the interpretation division of the federal prohibition unit.

D. Q. Morrow of Hillsboro was appointed federal district attorney for southern Ohio.

All lake front townships in Erie county were quarantined after corn borer was found in a corn patch.

Clyde Wedegar, 11, East Liverpool, was drowned in the Ohio river when a boat capsized.

Three men were hurt when their automobile was struck by a tractor on a steep hill east of Fairnessville. The injured are: Charles Mason of Leroy, Russell Wenzel and Livingston Hotchkiss, both of Madison.

State convention of the Sons and Daughters of Liberty elected Henry Todd of East Liverpool state counselor. Canton was chosen for the next convention.

B. E. Loete, state forest fire warden, is arranging a system of fire protection for the 300,000 acres of the new lands in Scioto and six other nearby counties.

## Primary Election Comes Tuesday

The primary campaign will come to an end in this county next Monday and the election to follow on Tuesday. The candidates report more or less apathy in regards to the election. This should not be. There should be a full vote as matters of great importance are at stake. Unless people become interested and go to the polls and vote the political bosses will have their way. One candidate tells us that the recent scandal in this county in the treasurer's office has had much to do with souring the electorate. The public has the remedy in its hands, the only question is whether it will be applied and those responsible for this reprieve from public to private life.

N. H. Fairbanks boosters for the congressional district in the county are elated over the Republican committee endorsement in his home county. The resolutions were presented by Judge F. W. Geiger, who at one time was a prospective candidate for congress in this district himself, but he was prevailed upon to remain on the Common Pleas bench. Madison county Republican committee has also endorsed Fairbanks and we understand that Fayette will do likewise.

There are not many campaigns for county offices that we do not hear of the activity of Billy Rogers and "Doc" Howard, the famous bosses in Xenia's Fourth ward for the Gowdy-Marshall faction. These two colored gents hold the reputation of being able to deliver the vote. Last Friday night about nine o'clock they drove quietly into town without advance notice. Their mission here was in the interest of Morris Sharp for sheriff.

While the Anti Saloon League is making more or less interest in the state election it is also watching the congressional elections over the country. Supt. McGill of this district informs us that both of the leading candidates, N. W. Fairbanks and Senator Chas. Brand are dry and can be relied upon. The third candidate is not regarded as a factor in the race at this time.

Charles K. Wolf of near Xenia was a town Tuesday campaigning for the congressional nomination on the Democratic ticket. Mr. Wolf is a farmer and evidently has a big task ahead of him even though he should get the nomination as the District is about 25,000 normally Republican. He has quite a platform. "Pay what we owe and pay it now. If you nominate me at the Primary, Aug. 8, I will show you how to pay without axes." This platform should appeal to most everyone but we are afraid it sounds like trying to get beefsteak without money.

The Democrats have formulated a ticket that will be voted upon at the primary. These candidates did not file petitions for the primary but their names will have to be written up if enough votes are secured the names will go on the ticket in November. Representative, Mrs. William M. Wilson, Clerk of Courts, Charles Weber, Sheriff, James L. Dunlap, Auditor, Arch Copsey, County commissioner, Ernest Thumass, treasurer, Harry A. Higgins, Recorder, David J. Bradette, Prosecuting attorney, George H. Smith. No candidates are named for surveyor, coroner, or for central committee.

IT'S A YEAR OLD. Colin Barber is exhibiting a sweet colossus pumpkin that is a year old and yet is solid. The specimen was placed in the cellar last fall and has been there until it was removed yesterday. It is unusual to keep a pumpkin that long and yet solid.

### MATERIAL ARRIVING.

The contractors for the new college building, the science hall, are receiving much material just at present. Brick, cement steel for reinforcement are arriving by the car and the work should progress with out trouble unless the rail strike interferes. The basement foundations are nearing completion.

Maximum for Marion teachers' salaries has been set at \$160.

Elyria city council passed an ordinance providing for a 10 per cent out in wages of city employees.

Job E. Stevenson, 93, former member of congress from Hamilton county, and largest land owner in Pickaway county, is dead.

Miller Owens, Jr., aged 3, found his father's 38-caliber revolver in his parents' home at Mansfield. It went off and the bullet seriously injured both Miller and his mother. Passing through the boy's right lung it lodged in Mrs. Owens' right side. Both are in serious condition.

Governor Davis announced the appointment of a fuel administration commission for Ohio, with George T. Poor, Cincinnati, of the state public utilities commission at its head.

J. F. Wilson, 22, Napoleon, editor and correspondent for many of the larger newspapers in the state, died following a long illness.

Clarence Williams, world war veteran, has taken out a petition at Fremont and announced himself an independent candidate for congress in the Thirteenth district. He will run on a platform advocating the sale of light wines and beer.

## Brand Fights for Economy and Lower Taxes

The road interests of the State are making an eleventh hour attack on Senator Brand's road program, although their efforts can have but little effect, for the reason that the soundness of his position is generally accepted by the public.

Obviously powerful road interests would like to see Senator Brand retired to private life, because the United States Government is the largest road builder in the world; and the road contractors know that he will make his influence felt at Washington.

From the standpoint of profits of these special interests, the Senator's program of getting "hard-surface" roads for less money and of making stone and gravel roads better, is wrong. The road people are fighting to make money from the taxpayers and Senator Brand is fighting to save money for the taxpayers, and naturally they cannot agree.

Another final effort to stem the tide of public opinion is in favor of Senator Brand is made by his opposition in their attempt to make classification an issue of this campaign. The United Congress has nothing whatever to do with classification of property in Ohio, and Ohio can adopt such policy only by a vote of the people. The State Legislature can go no farther than to submit this question to popular vote.

Notwithstanding these clear facts, the claim is made that Senator Brand will favor classification, when as a matter of fact it is well known that he is opposed to this system of taxation and that he has frequently stated this opposition.

His opposition quotes his vote in the Senate on a resolution as a basis for their claim, but a statement of the facts causes their contention to fall of its own weight: A year ago the Legislature was deadlocked on the subject of tax reform. The resolution in question was adopted as a party measure at a Republican caucus of the Senate which included the program of appointing a committee to meet in conference with a committee of the House in an effort to agree upon a tax reform amendment. THE RECORD OF THE SENATE SHOWS THAT 29 OF THE 30 REPUBLICAN MEMBERS OF THE SENATE PRESENTLY VOTED FOR THIS RESOLUTION REGARDLESS OF WHETHER THEY WERE FOR OR AGAINST CLASSIFICATION, AND WITH NO IDEA OF EXPRESSING THEIR INDIVIDUAL VIEWS.

The test of sentiment of the individual Senators would have come with the vote on the adoption of the report of the committee; but the committee was unable to agree and made no report.

Senator Brand has with unusual success attempted to protect the public from unfair prices on everyday necessities. It would be difficult to estimate the hundreds of thousands of dollars he has saved the people of Ohio in his road and bread campaigns. The penalty he is paying for this fight is to have arrayed against him the unlimited wealth of the special interests.

THE PEOPLE WILL SAY BY THEIR VOTES NEXT TUESDAY THAT A MAN WHO FIGHTS EXCLUSIVELY ON THEIR SIDE OF ALL QUESTIONS SHALL BE CONTINUED IN PUBLIC LIFE.

WHAT IT SHOULD BE.

The primary next Tuesday is just as important an election as we have had for some years. Several things are on trial that tend to advance the welfare of the people and conditions in a general way that must be supported or we take a step backward. First we want to see Carmi A. Thompson nominated for governor. He is a high type of citizen that we must have in public office if we expect the kind of government we want. His record in public and private life is clean and in all the campaign not one word has been said otherwise. He has been criticized because he was dry, but no one has said yet that he ever gave the wets any encouragement during his public service or in this campaign. No less than three of the candidates, Smith, Durand and Knight are trying to inflame the wets in the cities against Thompson. For this reason the dries of the rural district should support him alone.

There are other important offices to be filled but every voter has had opportunity to learn who is the proper man for the place. Let us impress the necessity of the reorganization of the Republican Central Committee in the county. The two factions that have been in control for years back are of course opposed to the movement headed by Mr. George Little for a re-organization. These leaders realize his strength and independence and that he cannot be handled as a mere bit of clay. The management of the party under the present committee has been nothing less than a joke and so taken by the party leaders, state and national.

The public had opportunity some time back to read the platform upon which Mr. Little would endeavor to re-organize the committee. It was open and fair and could not be objected to except by those who have used it for selfish purposes and to the detriment of the party.

A change in party management is going to give a healthy condition about the courthouse in more ways than one. It will be a rebuke for the whitewash of the Ed Sutton treasury scandal following a demand of the Farm Bureau for some action. The faction that was responsible for Sutton's election, for his freedom after returning more than \$2500 on demand of a state examiner, is now in control of the party machinery and seeks continued control after flaunting defiance to the people that Sutton should be exonerated.

The citizen that seeks good government, clean politics certainly can not be satisfied with what we have had the past two years. Your opportunity for a change, however much it annoys the Govdy-Marshall and the Schmidt-Shoup leaders, can only be had by the election of committeemen that will lend their support in assisting Mr. Little to carry out his promise to the people.

The leaders of the old factions have ignored the public and used the committee for personal selfish purposes.

For Sale: A good toned square piano. Sold cheap if sold at once. See Marion Hughes, North Main street.

The best way to entertain a man is not to entertain him at all. Don't make yourself a four-flusher by giving him a better dinner than you always have. But give him what you have cheerfully. Then, too, your guest knows you've got to work for a living and have lots of things to do, so go on and do them, telling your friend to do exactly what most pleases him till you get finished.

Don't be afraid to say what you think and don't agree if you don't agree, but don't expect your guest to agree with you because you're entertainin' him. Just widen out. Let love and tolerance be King and Queen of the home while the guest is with you, and then maybe you won't be able to throw them out after he's gone.

## The World's Cheapest Insurance

THE world's cheapest insurance is a safe deposit box such as is available at this Institution.

It safeguards jewelry and keepsakes against theft, carelessness, storms, fire and floods. And it does all this for a few cents a week.

When such security can be had at such a low cost, it is unwise to run any risk.

### CANNOT DO BETTER WITH MONEY

You don't want life insurance, because you "can do better with your money." Your business pays you even now, you say, fifteen per cent on your capital.

Does it so? But money itself cannot earn fifteen per cent. Safely invested—not on hazardous speculation—it will return on the average not to exceed five per cent. The extra ten per cent is the result of your labor, your energy and resourcefulness, your superior executive ability. Death will end all that. The extra ten per cent represents the money value of your life to your family and your estate. Death would destroy that value, but life insurance will indemnify against the financial loss, just as fire insurance lessens the loss when property burns.

## Fordson

THE UNIVERSAL TRACTOR

### Nothing Like This Low Price Has Ever Been Known Before

No farm tractor ever offered more money value, or more work value, than the Fordson Tractor at this astounding new low price.

No farm power unit you can possibly buy will do more for so little—and no farm, regardless of size or location can afford to be without a Fordson Tractor.

Place your order now—there is no time for delay or comparison. Price alone makes your choice the Fordson. After that, performance will prove to you, as it has to 170,000 owners, that this light, compact Fordson is the most efficient power plant ever hitched to a farm tool. Let us prove it to you. S. A. PROPOST, SUPERINTENDENT  
602 U. S. BUILDING, DAYTON, OHIO

July 31, 1922

Dear Friend:--

I have a personal word in behalf of Mr. Funderburgh and his office that I think I owe to him and his aids.

We never called upon him or either of his deputies, Mr. Birch and Mr. Day, that we did not get efficient and immediate service. Further they signed their own search warrants a thing that very few would do. If all Sheriffs and their deputies in the state had been as thorough and interested in the enforcement of Prohibition as Mr. Funderburgh and his men there would be little need for a law enforcement campaign.

I believe the dry people of the county own them their support as a reward for valiant service.

Yours most cordially,

S. A. Propst.

## Hit Class Tax

Ohio FARMERS and HOME OWNERS won their greatest victory in 1919. Unitedly they fought the Class Tax. Eighty-one counties in Ohio voted against Classification. Eighty-one counties voted to save the Uniform Rule in Taxation. Seven counties voted to abolish the Uniform Rule or the Golden Rule.

### WHAT IT MEANS

Class Tax means a higher rate for some taxpayers and a low rate for other taxpayers. It has always brought and will bring tax burden to the farmer and home owner.

### SENATOR CHARLES BRAND AND CLASS TAX

On April 26, 1921, Senate Resolution No. 31, to amend Sec. 2, Art. XII of the Constitution and take the Uniform Rule of Taxation and put in Classification Tax was voted upon. Senate Journal has this record:

### CHARLES BRAND VOTES "YES"

He votes YES in spite of the fact that his Senatorial District a few months before voted against Classification by a majority of over 4,000.

He votes YES although the counties in the Seventh Congressional District voted NO by more than 17,000 majority.

Hon. John H. Chester, of Paulding County, led the fight in the House of Representatives and then defeated the effort of Mr. Brand and others to destroy the only just rule for making all taxpayers pay the same rate and prevent the tax dodgers from getting a lower rate through Class Tax.

NEWTON H. FAIRBANKS, OF SPRINGFIELD, CANDIDATE FOR CONGRESS, IS UNALTERABLY OPPOSED TO A CLASSIFICATION TAX AND FIRMLY OPPOSES ANY AMENDMENT OF THE CONSTITUTION WHICH WILL DESTROY THE UNIFORM RULE OF TAXATION.

Miss Ruth Burns is spending the week visiting R. O. George and C. E. Wickerham's of Belle Center, O.

Rev. V. E. Busler and family, who have been spending three weeks vacation camping near South Charleston, will return home next week.

Rev. Walter Morton wife and son, Harold of Millersburg, Ky., are here on a visit with their parents, Mr. and Mrs. S. M. Murdock.

The Clifton Pike threshers held their picnic last Friday at Riverside farm. In the party were A. E. Swaby, Leonard Flatter, Elder Corry, Bert Turner, J. E. Kyle and families and the tenants and their families.

M. Sweeney of Newport, Ky., formerly a resident of this place was in town Wednesday calling on friends. It has been twenty-six years, since Mr. Sweeney went from here and he has been with the city car lines in that place ever since. He is on a vacation of a week visiting with his cousin, Frank McCurran in Xenia.

The seventh annual Xenia Bible Conference opens Sabbath afternoon in the First M. E. church, Xenia at 3 o'clock. Deans J. M. Gray of the Moody Bible Institute will be the speaker at both afternoon and night sessions. The Bible Conference is an established institution in this county and many from here will attend.

\$2,000,000

The next Greene County Treasurer will collect in taxes \$1,000,000 each year or \$2,000,000 for the term of two years. His experience in school work has given J. S. Van Eaton a special training for the duties and responsibilities of the office of treasurer for which he is a candidate at the primary election, August 8. He is a farmer.

Smith for convenience in caring for her invalid mother, Mrs. Catherine Webster Gaines, and will do laundry work Monday, Tuesday and Wednesday of each week. Hair dressing on Thursday. East Chillicothe street, fourth house going East from the Pittsburg bridge.

David Knott will sell all his household goods Saturday at public sale and leave that night for Dayton to visit relatives before starting his trip to Florida, where he expects to make his home. He will drive through by way of the Dixie Highway in the bus that he used for taxi purposes between this place and Springfield. He aims to get to Florida by September 1st, camping on the way.

Why make a change in the sheriff's office when the deputy is entitled to the office following custom of many years in this county? Deputy Sheriff Birch has a good record, has the endorsement of the Anti-Saloon League officials in recognition of his work in helping to enforce the dry laws. Few sheriff offices in Ohio permit their deputies to sign search warrants but such was the case with the office in this county. You are taking no chance in voting for Deputy Birch for sheriff. He has had the experience and has the ability to fill the office and keep it up to the requirements demanded by the public. Adv.

Prof. R. Cecil Burns, who is taking an advanced course in the Washington University, was injured in an accident last week, breaking two ribs and his breast bone fractured.

Word was received here this morning that three colored men were killed at the Jamestown crossing east of Xenia by the fast train. One report was the men were intoxicated and sitting on the track. Another report was that only one was killed but that the other two could not live.

## SALE HOUSEHOLD GOODS.
